

GET FULLY QUALIFIED

Reduce the risks involved when working at height by ensuring you and your team are fully qualified to deal with challenging and dangerous situations.

POPULAR 1 DAY COURSES...

IPAF MEWP Training for Scissor and Boom Lifts

Get qualified to operate safely one, two or three powered access products: Mobile Vertical (3a), Mobile Boom (3b) or Static Boom (1b).

IPAF MEWPs for Managers

The IPAF MEWP for Managers course is essential training for anyone who supervises or plans working at height -

Prove it!

The IPAF Smart Pal Card verifies your qualifications so you can access machines and get to work hassle-free.

IPAF Harness Use & Inspection

Are you a MEWP Operator? This course will qualify you to select, inspect and use an appropriate harness and associated equipment safely.

IPAF PAL+ Advanced Training

Do you work in high risk or challenging environments?

This is an optional one day course designed for operators who work in steelwork, confined overhead spaces or on challenging terrain.

On completion, the PAL+ qualification will be added to your existing PAL Card in the relevant category.

SITE SAFETY...FOR EVERYONE

1-5 Day Courses Available

Site Safety Plus – Health & Safety

This course provides health and safety awareness and provides practical advice on keeping you and your colleagues safe at work.

SSSTS – Site Supervisors Safety Training Scheme

This course provides an introduction to health and safety, welfare and environmental issues for those requiring an understanding of their legal responsibilities relevant to their work activities.

SMSTS - Site Management Safety

This course is aimed at first time managers, foremen, team leaders, supervisors and those who have or are about to acquire supervisory responsibility.

PASMA Training for Aluminium Scaffold Towers

Users: Need to erect, dismantle and inspect mobile access towers? Do it safely and as per the manufacturer's instructions and current legislation with this PASMA course.

Managers: Plan and organise the use of Mobile Access Towers and ensure on-site user competence.
